me: the same thief robbed some girl on Johnson at noon today
me: cops brought her over here to check out the pic and see if it was same guy
me: it was
me: I'm sending update in a moment
BushwickBK.com: ok
BushwickBK.com: what did he get from her
me: xbox, couple other things
me: from her roommate
BushwickBK.com: he break in?
me: no, just walked in
BushwickBK.com: weird
me: gonna add one more sentence to that update I just sent you
me: as follows
me: Despite my objections to certain decisions the two officers made on Sunday in the course of assisting me, I should note that I appreciate their doggedness in pursuing the thief. Additionally, one of the cops from the other day who was also on hand today looks like a cross between Drew Carey and the lead male singer of the B-52s, which is pretty cool.
me: add that to the update I e-mailed you, if you would
BushwickBK.com: ok
BushwickBK.com: invaders must die huh
BushwickBK.com: that'll get some extra comments
me: it's a prodigy song
BushwickBK.com: o rite
